The story behind BYOU

Let me introduce you to Danique Motzheim, The Founder of BYOU
a passionate therapist for children from The Netherlands,

She poured her heart into helping others, but in doing so, she forgot to
take care of herself. Struggling to make her mark in the competitive
therapy market,
she faced the challenge of promoting her services authentically.

Sales talks didn't align with Danique's genuine desire to help families.
During this struggle, she had an idea ...

Having a well-being therapist at her doorstep and
a platform where she could connect with clients without the hassle.

The Birth of BYOU.
